### Laser Rangefinder

#### About this product

Ranging made simple for the way you hunt. The Triumph™ HD 850 Laser Rangefinder delivers fast, accurate readings for hair-splitting shots that lead to short blood trails. With intuitive range and target modes preferred by rifle and bowhunters, it's ready for planning a stalk or taking the shot in thick woods or open terrain. Compact and lightweight, it's made for deer hunters who need gear they can trust to deliver season after season.

#### Feature Tech

#### Ranging Modes

- Horizontal Component Distance (HCD):** Displays the slope angle compensated distance to the target.
- Line of Sight (LOS):** Displays the actual line of sight range.
- Scan Feature:** Displays continuous distance readings while panning across a landscape.

#### Target Modes

- Normal Mode:** The standard mode providing the target's range with the strongest range result. Recommended for most situations.
- First Mode:** Displays the closest distance when ranging. Ideal for ranging a smaller target in front of other larger or more reflective objects.
- Last Mode:** Displays the farthest distance when ranging. Ideal for ranging a specific target behind a group of objects like brush, trees, rocks, etc.
